

This spreadsheet is a guide for identifying edgeband matches. It alphabetically lists the brands under laminates, then melamines, and each brand is organized by type (solid colors, woodgrains, designer patterns). The table lists product number, name, finish, and availability by size, as well as the corresponding Canplast, Charter, and Doellken-Woodtape product numbers. Note\* 'N' indicates a non-stock Canplast product.

			15/16" Availability			1-5/16" Availability
